

About this form

At Y Not we've got a great team of people who make the festival possible. As the festival grows, we're always looking to bring new people on board. Whether you're full of fresh and exciting ideas, love to help out or just want to be involved, there's a position in the Y Not crew for everyone. Some work is paid, some is volunteer work but whatever the position, you get to go to the festival free! Fill out this form and we'll see where we can slot you in!

Anything else

There's nothing more annoying than a form that doesn't let you say what you want to, so if there's anything else we haven't covered that you'd like to let us know about, then stick it here.

Thanks a million for looking into helping out at Y Not. We'll hopefully find the perfect place to slot you in to organising one of the UK's most exciting festivals. To make sure we give everyone the perfect position it may take a while to get back to you with your placement but if you've got any questions in the meantime, drop us a line – involved@ynotfestivals.com
